State</i>, 1996, 930 S.W.2d 360, 326 Ark. 382.• Note: When criminality of conduct depends on a victim's being incapable of consent because he or she is mentally defective or mentally incapacitated, it is an affirmative defense that the actor reasonably believed that the victim was capable of consent. Arkansas Code § 5-14-102(e). <p>The existence of forcible compulsion in a rape case does not depend on the quantum of force that is applied but rather on whether the act is consummated against the victim's will. <i>Hillman v. an informed consent to sexual intercourse. Mo. Rev. Stat. § 566.030.

How is consent defined?

The term "consent" means words or overt actions indicating a freely given arrangement to have sexual intercourse or sexual contact and is further defined, but not limited by the following:

- An expression of lack of consent through words or conduct means there is no consent or that consent has been withdrawn;
- A current or previous dating or social or sexual relationship by itself or the manner of dress of the person involved with the accused in the conduct at issue does not constitute consent; and
- Lack of consent may be inferred based on all of the surrounding circumstances and must be considered in determining whether a person gave consent.

The victim is incapable of consent because the victim is:

- mentally disordered or incapacitated;
- physically helpless;
- overcome by deception, coercion, or surprise;
- less than 16 years old;
- incarcerated in an adult or juvenile correctional, detention, or treatment facility or is on probation, conditional release, or parole and the perpetrator is an employee, contractor or volunteer of the supervising authority and has supervisory or disciplinary authority over the victim, unless the act is part of a lawful search;
 - this does not apply if the individuals are married to each other, and one of the individuals involved is on probation or parole and the other individual is a probation or parole officer of a supervising authority.
- receiving services from a youth care facility, and the perpetrator:
 - has supervisory or disciplinary authority over the victim or is providing treatment to the victim; and employee, contractor, or volunteer of the youth care facility; or
 - is an employee, contractor, or volunteer of the youth care facility; or
 - (This does not apply if the individuals are married to each other and one of the individuals involved is a patient in or resident of a facility, is a recipient of community-based services, or is receiving services from a youth care facility and the other individual is an employee, contractor, or volunteer of the facility or community based service.)
- admitted to a mental health facility, a community-based facility or a residential facility, or is receiving community-based services and the perpetrator:
 - has supervisory or disciplinary authority over the victim or is providing treatment to the victim; and
 - is an employee, contractor or volunteer of the facility or community-based service.
 - (This does not apply if the individuals are married to each other and one of the individuals involved is a patient in or resident of a facility, is a recipient of community-based services, or is receiving services from a youth care facility and the other individual is an employee, contractor, or volunteer of the facility or community based service.)
- a program participant in a private alternative adolescent resident or outdoor program and the perpetrator

How is consent defined?	<p>Consent itself is not defined, however “without consent” means:</p> <ul style="list-style-type: none"> • (a)(i) The victim was compelled to submit due to the use of force or threat of force or coercion, or (ii) the victim expressed a lack of consent through words, or (iii) the victim expressed a lack of consent through conduct, or (iv) the consent, if any was actually given, was the result of the actor's deception as to the identity of the actor or the nature or purpose of the act on the part of the actor; • (b) The victim need only resist, either verbally or physically, so as to make the victim's refusal to consent genuine and real and so as to reasonably make known to the actor the victim's refusal to consent; and • (c) A victim need not resist verbally or physically where it would be useless or futile to do so. <p>Neb. - (6) the manner of dress of an individual does not constitute consent.

MD Code, Criminal Law, § 3-301.1.

Maryland law provides that a person commits a sex crime if that person engages in “vaginal intercourse” or “sexual act” with another:

- (1) by force, or the threat of force, without the consent of the other;
- (2) if the victim is a substantially cognitively impaired individual, a mentally incapacitated individual, or a physically helpless individual, and the person performing the act knows or reasonably should know that the victim is a substantially cognitively impaired individual, a mentally incapacitated individual, or a physically helpless individual;
- (3) if the victim is under the age of 14 years, and the person performing the act is at least 4 years older than the victim; or
- (4) if the victim is 14 or 15 years old, and the person performing the act is at least 21 years old. MD Code, Criminal Law, § 3-303; § 3-304*; § 3-307.

*§ 3-304 was amended in October 2024 so that a sex crime (rape in the second degree) occurs whether or not there is force or threat of force if it is done without the consent of the other.

Evidence of physical resistance by the victim is not required. MD Code, Criminal Law, § 3-319.1

“**Mentally incapacitated individual**” means an individual who, because of the influence of a drug, narcotic, or intoxicating substance, or because of an act committed on the individual without the individual’s consent or awareness, is rendered substantially incapable of:

- (1) appraising the nature of the individual’s conduct; or
- (2) resisting vaginal intercourse, a sexual act, or sexual contact. MD Code, Criminal Law, § 3-301.

“**Physically helpless individual**” means an individual who:

- (1) is unconscious; or
- (2)

(i) does not consent to vaginal intercourse, a sexual act, or sexual contact; and

(ii) is physically unable to resist, or communicate unwillingness to submit to, vaginal intercourse, a sexual act, or sexual contact. MD Code, Criminal Law, § 3-301.

“Substantially cognitively impaired individual” means an individual who suffers from an intellectual disability or a mental disorder, either of which temporarily or permanently renders the individual substantially incapable of:

(1) appraising the nature of the individual's conduct;

(2) resisting vaginal intercourse, a sexual act, or sexual contact; or

(3) communicating unwillingness to submit to vaginal intercourse, a sexual act, or sexual contact. MD Code, Criminal Law, § 3-301.

Maryland law also provides that a person may not engage in sexual contact with another:

(1) if the victim is a substantially cognitively impaired individual, a mentally incapacitated individual, or a physically helpless individual, and the person performing the act knows or reasonably should know that the victim is a substantially cognitively impaired individual, a mentally incapacitated individual, or a physically helpless individual; or

(2) if the victim is under the age of 14 years, and the person performing the sexual contact is at least 4 years older than the victim; or

(3) if the victim is 14 or 15 years old, and the person performing the sexual act is at least 21 years old. MD Code, Criminal Law, § 3-307.

In the case of a conscious and competent victim, mere passivity on the victim's part will not establish the absence of consent. The law looks for express negation or implicit negation as evidenced by some degree of physical resistance or an explanation of why the will to resist was overcome by force or fear of harm. *Travis v. State*, 218 Md. App. 410, 428, 98 A.3d 281, 291 (2014).

It is well settled that the terms “against the will” and “without the consent” are synonymous in the law of rape. *State v. Rusk*, 289 Md. 230, 241, 424 A.2d 720, 725 (1981).

Given the fact that consent must precede penetration, it follows in our view that although a woman may have consented to a sexual encounter, even to intercourse, if that consent is withdrawn prior to the act of penetration, then it cannot be said that she has consented to sexual intercourse. On the other hand, ordinarily if she consents prior to penetration and withdraws the consent following penetration, there is no rape. *Battle v. State*, 287 Md. 675, 684, 414 A.2d 1266, 1270 (1980).

Idaho Statutes § 18-6101.

How is consent defined?

“Consent” means a freely given agreement to the act of sexual penetration or sexual conduct in question. Lack of verbal or physical resistance or submission by the victim resulting from the use of force or threat of force by the accused shall not constitute consent. The manner of dress of the victim at the time of the offense shall not constitute consent. 720 ILCS 5/11-0.1.

A person who initially consents to sexual penetration or sexual conduct is not deemed to have consented to any sexual penetration or sexual conduct that occurs after he or she withdraws consent during the course of that sexual penetration or sexual conduct. 720 ILCS 5/11-1.70.

“The focus is on what the defendant knew or reasonably should have known regarding the victim’s willingness or ability to give knowing consent.” *People v. Roldan*, 2015 IL App (1st) 131962, ¶ 19.

“Unable to give knowing consent” includes when the accused administers any intoxicating or anesthetic substance, or any controlled substance causing the victim to become unconscious of the nature of the act and this condition was known, or reasonably should have been known by the accused. “Unable to give knowing consent” also includes when the victim has taken an intoxicating substance or any controlled substance causing the victim to become unconscious of the nature of the act, and this condition was known or reasonably should have been known by the accused, but the accused did not provide or administer the intoxicating substance. As used in this paragraph, **“unconscious of the nature of the act”** means incapable of resisting because the victim meets any one of the following conditions:

1. was unconscious or asleep;
2. was not aware, knowing, perceiving, or cognizant that the act occurred;
3. was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraud in fact; or
4. was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraudulent representation that the sexual penetration served a professional purpose when it served no professional purpose. 720 ILCS 5/11-0.1.

A victim is **presumed “unable to give knowing consent”** when the victim:

1. is committed to the care and custody or supervision of the Illinois Department of Corrections (IDOC) and the accused is an employee or volunteer who is not married to the victim who knows or reasonably should know that the victim is committed to the care and custody or supervision of such department;
2. is committed to or placed with the Department of Children and Family Services (DCFS) and in residential care, and the accused employee is not married to the victim, and knows or reasonably should know that

	<p>the victim is committed to or placed with DCFS and in residential care;</p> <p>3. is a client or patient and the accused is a health care provider or mental health care provider and the sexual conduct or sexual penetration occurs during a treatment session, consultation, interview, or examination;</p> <p>4. is a resident or inpatient of a residential facility and the accused is an employee of the facility who is not married to such resident or inpatient who provides direct care services, case management services, medical or other clinical services, habilitative services or direct supervision of the residents in the facility in which the resident resides; or an officer or other employee, consultant, contractor or volunteer of the residential facility, who knows or reasonably should know that the person is a resident of such facility; or</p> <p>5. is detained or otherwise in the custody of a police officer, peace officer, or other law enforcement official who: (i) is detaining or maintaining custody of such person; or (ii) knows, or reasonably should know, that at the time of the offense, such person was detained or in custody and the police officer, peace officer, or other law enforcement official is not married to such detainee. 720 ILCS 5/11-0.1.</p>

<p>How is consent defined?</p>	<p>Consent is not specifically defined. However, Iowa law defines "sexual abuse" as any sex act between persons where:</p> <ul style="list-style-type: none"> • the sexual act is done by force or against the will of the other (if the consent or acquiescence of the victim is procured by threats of violence toward any person or if the act is done while the other is under the influence of a drug inducing sleep or is otherwise in a state of unconsciousness, the act is done against the will of the other); or • the victim is suffering from a mental defect or incapacity which precludes giving consent, or lacks the mental capacity to know the right and wrong of conduct in sexual matters; or • the other person is a child. <p>I.C.A. § 709.1.</p> <p>The "against the will" element is deliberately broad and consciously designed to capture all circumstances when there is an actual failure of consent, including use of psychological force. See <i>State v. Kelso-Christy</i>, 911 N.W.2d 663, 667 (Iowa 2018).</p>

It is not necessary to establish physical resistance by a person in order to establish that an act of sexual abuse was committed by force or against the will of the person. However, the circumstances surrounding the commission of the act may be considered in determining whether or not the act was done by force or against the will of the other. I.C.A. § 709.5.

How is consent defined?

Consent is not specifically defined. However, Kansas law provides that a person commits rape when a person knowingly engages in sexual intercourse with a victim who does not consent under any of the following circumstances:

- (1) the victim is overcome by force or fear;
- (2) the victim is unconscious or physically powerless;
- (3) the victim is incapable of giving consent because of mental deficiency or disease, or because of the effect of any alcoholic liquor, narcotic, drug or other substance, which condition was known by the offender or was reasonably apparent to the offender;
- (4) the victim is under the age of 14;
- (5) the victim's consent was obtained through a knowing misrepresentation that the sexual intercourse was a medically or therapeutically necessary procedure; or
- (6) the victim's consent was obtained through a knowing misrepresentation made by the offender that the sexual intercourse was a legally required procedure within the scope of the offender's authority. K.S.A. 21-5503.

The test for consent under that provision is whether the individual understands the nature and consequences of the proposed act. *State v. Ice*, 27 Kan. App. 2d 1, 4, 997 P.2d 737, 740 (2000).

The Kansas rape statute does not require proof that the defendant intended to have nonconsensual intercourse. The statute requires proof that the defendant had sexual intercourse without the victim's consent when the victim was overcome by force or fear. *State v. Plunkett*, 261 Kan. 1024, 1030–31, 934 P.2d 113, 118 (1997).

If an individual can comprehend the sexual nature of the proposed act, can understand he or she has the right to refuse to participate, and possesses a rudimentary grasp of the possible results arising from participation in the act, he or she has the capacity to consent. *State v. Ice*, 27 Kan. App. 2d 1, 5, 997 P.2d 737, 740 (2000).

A person may be convicted of rape if intercourse begins consensually but consent is withdrawn after penetration, that withdrawal is communicated to the defendant, and the intercourse continues by force or fear. *State v. Flynn*, 299 Kan. 1052, 1053, 329 P.3d 429, 430 (2014).

The "force" required to sustain a rape conviction in this state does not require that a rape victim resist to the point of becoming the victim of other crimes such as battery or aggravated assault. The Kansas rape statute does not require the State to prove that a rape victim told the offender she did not consent, physically resisted the offender, and then endured sexual intercourse against her will. It does not require that a victim be physically overcome by force in the form of a beating or physical restraint. It requires only a finding that she did not give her consent and that the victim was overcome by force or fear to facilitate the sexual intercourse.

State v. Borthwick, 255 Kan. 899, 914, 880 P.2d 1261, 1271 (Kan. 1994).

How is consent defined?

“**Lack of consent**” results from:

- (1) forcible compulsion;
- (2) incapacity to consent; or
- (3) if the offense charged is sexual abuse, any circumstances in addition to forcible compulsion or incapacity to consent in which the victim does not expressly or impliedly acquiesce in the actor’s conduct. KRS § 510.020.

A person is also “**deemed incapable of consent**” when he or she is

- (1) less than 16 years old;
- (2) 16 or 17 years old and the actor is at least 10 years older than the victim at the time of the sexual act;
- (3) an individual unable to communicate consent or lack of consent, or unable to understand the nature of the act or its consequences, due to an intellectual disability or a mental illness;
- (4) mentally incapacitated;
- (5) physically helpless; or
- (6) under the care or custody of state or local agency pursuant to court order and the actor is employed or working on behalf of the state or local agency, except where the persons are lawfully married to each other and there is no court order in effect prohibiting contact between the parties. KRS § 510.020.

“**Mental illness**” means a diagnostic term that covers many clinical categories, typically including behavioral or psychological symptoms, or both, along with impairment of personal and social function, and specifically defined and clinically interpreted through reference to criteria contained in the Diagnostic and Statistical Manual of Mental Disorders (Third Edition) and any subsequent revision thereto, of the American Psychiatric Association. KRS § 510.010.

“**Individual with an intellectual disability**” means a person with significantly subaverage general intellectual functioning existing concurrently with deficits in adaptive behavior and manifested during the developmental period. KRS § 510.010.

“**Mentally incapacitated**” means that a person is rendered temporarily incapable of appraising or controlling his or her conduct as a result of the influence of an intoxicating substance administered to him or her without his or her consent or as a result of any other act committed upon him without his or her consent. KRS § 510.010.

“**Physically helpless**” means that a person is unconscious or for any other reason is physically unable to communicate unwillingness to act as well as a person who has been rendered unconscious or for any other reason is physically unable to communicate an unwillingness to an act as a result of the influence of a controlled substance or legend drug. KRS § 510.010.

Actual physical force is not needed to prove forcible compulsion and in determining whether a victim submitted because of an implied threat which placed him or her in fear, a subjective rather than an objective standard must be applied. [Yarnell v. Com. 833 S.W.2d 834](#), 836 (KY. 1992).

Note that it is an affirmative defense to the offense of sexual assault of a child, which is a person under 17 years old, if the actor was the spouse of the child at the time of the offense. Texas Penal Code Ann. §22.011(e)(1).

An employee of a public or private primary or secondary school commits the felony offense of an Improper Relationship Between Educator and Student if the employee:

- (1) engages in sexual contact, sexual intercourse, or deviate sexual intercourse with a person who is enrolled in a public or private primary or secondary school at which the employee works;
- (2) holds a position of teacher, teacher intern, teacher trainee, librarian, educational aide, administrator, educational diagnostician or school counselor and engages in sexual contact, sexual intercourse, or deviate sexual intercourse with a person the employee knows is:
 - (A) enrolled in a public or private primary or secondary school, other than a school described in (1) above; or
 - (B) a student participant in an educational activity that is sponsored by a school district or a public or private primary or secondary school, if students enrolled in a public or private primary or secondary school are the primary participants in the activity; or
- (3) engages in online solicitation of a minor (under Texas Penal Code Ann. §33.021) with a person described in (1) above, or a person the employee knows is a person described in (2)(A) or (2)(B) above, regardless of the age of that person. Texas Penal Code Ann. §21.12(a).

Note that it is an affirmative defense to improper relationship between educator and student if the actor was the spouse of the enrolled person at the time of the offense or the actor was not more than three years older than the enrolled person and, at the time of the offense, the actor and the enrolled person were in a relationship that began before the actor's employment at a public or private primary or secondary school. Texas Penal Code Ann. §21.12(b)

Does the relationship between the victim and actor impact the victim's ability to consent?

Yes, a sexual offense is considered to occur without consent of the victim:

- If the victim is younger than 18 years old and at the time of the offense the actor was the victim's parent, stepparent, adoptive parent, or legal guardian or occupied a position of special trust in relation to the victim (which includes scout leaders, teachers, babysitters, coaches or volunteers in schools, etc.); or
- If the actor is a health professional or religious counselor, the act is committed under the guise of providing professional diagnosis, counseling, or treatment, and at the time of the act the victim reasonably believed that the act was for medically or professionally appropriate diagnosis, counseling, or treatment to the extent that resistance by the victim could not reasonably be expected to have been manifested.

Utah Code Ann. §§76-5-406(2)(j) and (l).

Note that a female under 18 years of age does not by marriage become capable of consenting to illicit sexual intercourse so as to bar prosecution of male participant in such act under carnal knowledge statute. *State v.*

Huntsman, 115 Utah 283 (Utah 1949).

Does the relationship between the victim and actor impact the victim's ability to consent?

Yes. For purposes of sexual intercourse without consent statute (Mont. Code Ann. § 45-5-503), "without consent" means the victim is incapable of consent because the victim is:

- incarcerated in an adult or juvenile correctional, detention, or treatment facility or is on probation, conditional release, or parole and the perpetrator is an employee, contractor, or volunteer of the supervising authority and has supervisory or disciplinary authority over the victim, unless the act is part of a lawful search;
- receiving services from a youth care facility and the perpetrator:
(I) has supervisory or disciplinary authority over the victim or is providing treatment to the victim; and (II) is an employee, contractor, or volunteer of the youth care facility; or
- admitted to a mental health facility, a community-based facility or a residential facility or is receiving community-based services and the perpetrator: (I) has supervisory or disciplinary authority over the victim or is providing treatment to the victim; and (II) is an employee, contractor, or volunteer of the facility or community-based service.

Mont. Code Ann. § 45-5-501(1)(b)((v),(vi), (vii). However, the above do not apply if the individuals are married, and (1) one of the individuals involved is on probation, conditional release, or parole and the other individual is a probation or parole officer of a supervising authority; or (2) one of the individuals involved is a patient in or resident of a facility, is a recipient of community-based services, or is receiving services from a youth care facility and the other individual is an employee, contractor or volunteer of the facility or community-based service. Mont. Code Ann. § 45-5-501(1)(c)-(d).

Similarly, consent is ineffective under the sexual assault statute (Mont. Code Ann. § 45-5-502(5)) if the victim is:

- incarcerated in an adult or juvenile correctional, detention, or treatment facility or is on probation or parole and the perpetrator is an employee, contractor, or volunteer of the supervising authority and has supervisory or disciplinary authority over the victim, unless the act is part of a lawful search;
- receiving services from a youth care facility and the perpetrator: (A) has supervisory or disciplinary authority over the victim or is providing treatment to the victim; and (B) is an employee, contractor, or volunteer of the youth care facility; or
- admitted to a mental health facility, a community-based facility or a residential facility or is receiving community-based services and the perpetrator: (A) has supervisory or disciplinary authority over the victim or is providing treatment to the victim; and (B) is an employee, contractor, or volunteer of the facility or community-based service.

Mont. Code Ann. § 45-5-502(5)(a). However, the above do not apply if the individuals are married. Mont. Code Ann. § 45-5-502(5)(b)-(c).

Additionally, consent is ineffective under the sexual assault statute (Mont. Code Ann. § 45-5-501) if the victim is:

- a witness in a criminal investigation or a person who is under investigation in a criminal matter and the

perpetrator is a law enforcement officer who is involved with the case in which the victim is a witness or is being investigated.

- (This does not apply if the individuals are married to each other.)
- a program participant in a private alternative adolescent resident or outdoor program and the perpetrator is a worker affiliated with the program.
 - (This does not apply if the individuals are married to each other and one of the individuals involved is a program participant and the other individual is a worker affiliated with the program.)
- a student of an elementary, middle, junior high or high school, whether public or nonpublic, and the perpetrator is not a student of an elementary, middle, junior high or high and is an employee, contractor, or volunteer of any school who has ever had instructional, supervisory, disciplinary, or other authority over the student in a school setting
 - (This does not apply if the individuals are married to each other.)
- a parent or guardian involved in a child abuse or neglect proceeding and the perpetrator is:
 - Employed by the department of public health and human services for the purposes of carrying out the department's duties; and
 - Directly involved in the parent or guardian's case or involved in the supervision of the case.
- a client receiving psychotherapy services and the perpetrator:
 - Is providing or purporting to provide psychotherapy services to the victim; or
 - Is an employee, contractor, or volunteer of a facility that provides or purports to provide psychotherapy services to the victim and the perpetrator has supervisory or disciplinary authority over the victim.
 - (This does not apply if the individuals are married to each other and one of the individuals involved is a psychotherapy client and the other individual is a psychotherapist or an employee, contractor, or volunteer of a facility that provides or purports to provide psychotherapy services to the client.)

Is consent a defense to sex crimes?	Yes, though a minor is unable to consent when under the age of 16. See <i>State v. Alexander</i> , 303 S.C. 377, 381, 401 S.E.2d 146, 149 (1991).
Is consent a defense to sex crimes?	If a victim freely and voluntarily consents without force, coercion, or threat, then consent is a defense to forcible rape. <i>State v. Roach</i> , 825 N.W.2d 258, 263 (2012). However, consent by a patient is not a defense regarding sexual contact or sexual penetration by a psychotherapist. S.D. Code §§22-22-28, 29.
Is consent a defense to sex crimes?	Yes. Consent is an affirmative defense if it negates an element of the offense. In order to establish effective consent by the putative victim of a sexual assault, a defendant must demonstrate the presence of “affirmative and freely-given permission....” <i>State v. Cuni</i> , 733 A.2d 414, 424, 159 N.J. 584, 603 (1999).

<p>Is consent a defense to sex crimes?</p>	<p>Yes, consent is generally a defense to sexual crimes, but it is not available to a defendant charged with:</p> <ul style="list-style-type: none"> • criminal sexual penetration of a minor (lack of consent is not an element of the crime), <i>State v. Gillette</i>, 1985-NMCA-037, ¶17, 102 N.M. 695, 700, 699 P.2d 626,631; • 4th degree criminal sexual penetration (offense predicates guilt on age differences), <i>State v. <p>Is consent a defense to sex crimes?</p>	<p>Yes. Whether or not specifically stated, it is an element of every sexual offense that the sexual act was committed without consent of the victim. New York Penal Law §130.05(1).</p> <p>Where the victim's lack of consent is based solely on incapacity to consent because he/she was mentally disabled, mentally incapacitated or physically helpless, it is an affirmative defense that the defendant, at the time he or she engaged in the conduct constituting the offense, did not know of the facts or conditions responsible for such incapacity to consent. New York Penal Law §130.10(1).</p> <p>In any prosecution for the crime of rape in the third degree, crime formerly defined as a criminal sexual act in the third degree, aggravated sexual abuse in the fourth degree, or sexual abuse in the third degree, it shall be an affirmative defense that the client or patient consented to such conduct charged after having been expressly advised by the health care or mental health care provider that such conduct was not performed for a valid medical purpose. <p>Is consent a defense to sex crimes?</p>	<p>Yes, except there are certain defendants for which consent is not a defense:</p> <ul style="list-style-type: none"> • a substitute parent of a minor victim; • a person having custody of a victim of any age; • a person who is an agent or employee of any person or institution having custody of a victim of any age; • a teacher, school administrator, student teacher, school safety officer, or coach at any time during or after the defendant and victim were present together in the same school, but before the victim ceased to be a student; and • other school personnel at any time during or after the defendant and victim were present together in the same school, but before the victim ceased to be a student. North Carolina General Statutes Annotated §14-27.31; § 14-27.32. <p>Consent is also not a defense for offenses involving minors as follows:</p> <ul style="list-style-type: none"> • § 14-27.23. Is consent a defense to sex crimes?	<p>Consent is not specifically identified in the statutes as a defense. However, case law indicates that consent in a prosecution for rape is a complete defense. <i>State v. Driscoll</i>, 106 Ohio St. 33, 40, 138 N.E. 376, 378 (1922) (“Consent or nonresistance in a prosecution for rape is a complete defense, just as insanity, or an alibi, would be; and, furthermore, consent would be a complete defense to the included offenses of assault and battery and assault.”). NOTE: <i>State v. Driscoll</i> was superceded by rule on other grounds as stated in <i>State v. Morgan</i>, Ohio, September 13, 2017. The superseding rule pertained to criminal rule of procedure 52(B) and had nothing to do with the Driscoll court's statement regarding consent.</p> <p>Baldwin’s Oh. Prac. Crim. L. § 91:11 (3d ed.) (2017) offers a clearer understanding of the role of consent as a defense to sex crimes in Ohio:</p> <p>“Generally, consent is a defense only when ‘lack of consent’ is an element of the crime. For example, most types of rapes . . . require, in effect, lack of consent In these circumstances, consent is not an affirmative defense. The prosecution, for example, must establish lack of consent, beyond a reasonable doubt, in a rape case.</p> <p>If consent is a ‘defense’ to a crime, it must be (1) freely given (without compulsion or duress); (2) by a person legally capable of consenting; and (3) not based on fraud.”</p>
Is consent a defense to sex crimes?	<p>Consent is a defense to a charge of sexual battery committed with a person 14 years of age or over. Miss. Code Ann. § 97-3-95; <i>Coates v. State</i>, 495 So. 2d 464, 465 (Miss. 1986).</p>
Is consent a defense to sex crimes?	<p>Lack of consent is an element that must be proved by the prosecution in the offense of rape in the second degree, which is the offense of sexual intercourse with another person when the perpetrator knows that he or she does so without the victim's consent. Mo. Rev. Stat. § 566.031.</p> <p>Consent is not an affirmative defense to any sexual offense if the alleged victim is less than 14 years of age. Mo. Rev. Stat. § 566.020.</p>
Is consent a defense to sex crimes?	<p>Yes. The consent of a victim to conduct charged to constitute an offense or to the result thereof is a defense. Mont. Code Ann. § 45-2-211(1).</p> <p>However, consent is “ineffective” if:</p> <ul style="list-style-type: none"> • it is given by a person who is legally incompetent to authorize the conduct charged to constitute the offense; • it is given by a person who by reason of youth, mental disease or disorder, or intoxication is unable to make a reasonable judgment as to the nature or harmfulness of the conduct charged to constitute the offense; • it is induced by force, duress, or deception;

	<ul style="list-style-type: none"> • it is against public policy to permit the conduct or the resulting harm, even though consented to; or • for offenses under 45-5-502 (sexual assault), 45-5-503 (sexual intercourse without consent), 45-5-508 (aggravated sexual intercourse without consent), 45-5-601 (patronizing prostitute), or Title 45, chapter 5, part 7 (human trafficking) if it is given by a person who the offender knew or reasonably should have known was a victim of human trafficking, as defined in 45-5-701, or was subjected to force, fraud, or coercion, either of which caused the person to be in the situation where the offense occurred. <p>When criminality depends on the victim being less than 16 years old, it is a defense for the offender to prove that he reasonably believed the child to be above that age. Such belief shall not be deemed reasonable if the child is less than 14 years old. Mont. Code Ann. § 45-5-511(1).</p> <p>Resistance by the victim is not required to show lack of consent. Force, fear, or threat is sufficient alone to show lack of consent. Mont. Code Ann. § 45-5-511(5).</p> <p>In addition, the defendant must have knowledge that the conduct is without consent, which a jury may infer from the facts and circumstances of the case. <i>State v. Is consent a defense to sex crimes?	<p>Yes, depending on the crime at issue. If the victim is over the age of consent (16 years of age), then consent may be a defense. If the victim is under the age of 12, then consent is never a defense. If the victim is between the ages of 12 and 16, then consent is not a defense (although the actor cannot be convicted of sexual assault if the actor is 18 years of age or younger). Neb. Rev. Stat. §28-319.</p> <p>It is not a defense that the perpetrator mistook the victim's age or the victim concealed or misrepresented his or her age. <i>State v. Campbell</i>, 239 Neb. 14, 19 (1991).</p> <p>Consent or reasonable mistake as to the age of the victim is not a defense to first degree sexual assault upon a child. <i>State v. Is consent a defense to sex crimes?	<p>Generally, yes. It is an element of the crime of sexual assault that the crime was committed against the will of the victim. Nev. Rev. Stat. Ann. § 200.366. Nevada law also supports a defense of reasonable mistaken belief of consent in sexual assault cases. <i>Honeycutt v. Donat</i>, 2009 WL 2177059 (D. Nev., July 21, 2009); <i>see also Hardaway v. State</i>, 926 P.2d 288 (1996).</p>
Is consent a defense to sex crimes?	<p>Yes, generally. The criminal code provides for the following principles with regard to consent as a defense:</p> <ol style="list-style-type: none"> 1. The consent of the victim to conduct constituting an offense is a defense if such consent negatives an element of the offense or precludes the harm sought to be prevented by the law defining the offense. 2. When conduct constitutes an offense because it causes or threatens bodily harm, consent to the conduct is a defense if the bodily harm is not serious; or the harm is a reasonably foreseeable hazard of lawful activity. 3. Consent is no defense if it is given by a person legally incompetent to authorize the conduct or by one who, by reason of immaturity, insanity, intoxication or use of drugs is unable and known by the actor to be unable to exercise a reasonable judgment as to the harm involved.

N.H. Rev. Stat. Ann. § 626:6

- Aggravated felonious sexual assault when the actor is in a position of authority over the victim and uses this authority to coerce the victim to submit and the actor either (1) has direct supervisory, disciplinary, or other authority authorized by law over, or direct responsibility for maintaining detention of, the victim by virtue of the victim being detained or incarcerated in a correctional institution, the secure psychiatric unit, a juvenile detention facility, or any other setting in which the victim is not free to leave; or (2) When the actor is a probation or parole officer or a juvenile probation and parole officer who has direct supervisory or disciplinary authority over the victim while the victim is on parole or probation or under juvenile probation. N.H. Rev. Stat. Ann. § 632-A:2(l)(n).
- When a person engages in sexual contact with a person who is (1) under 13 years of age; (2) 13 years of age or older and under 18 years of age when the actor is in a position of authority over the victim and is more than 4 years older than the victim; or (3) when the actor is an employee, contractor, or volunteer at a primary or secondary educational institution and the victim is a student and up to 10 months after the student's graduation or departure. N.H. Rev. Stat. Ann. § 632-A:3(III).

- A person is guilty of a class B felony if such person (a) engages in sexual contact with the person, or causes the person to engage in sexual contact on himself or herself in the presence of the actor, when the actor is in a position of authority over the person and uses that authority to coerce the victim to submit under any of the following circumstances:

	<p>(1) When the actor has direct supervisory or disciplinary authority over the victim by virtue of the victim being incarcerated in a correctional institution, the secure psychiatric unit, or juvenile detention facility where the actor is employed; or</p> <p>(2) When the actor is a probation or parole officer or a juvenile probation and parole officer who has direct supervisory or disciplinary authority over the victim while the victim is on parole or probation or under juvenile probation.</p> <ul style="list-style-type: none"> • (b) Consent of the victim under any of the circumstances set forth in this paragraph shall not be considered a defense.
